2/10/2022

California Water Commission
P.O. Box 942836
Sacramento, California 94236-0001

Dear California Water Commission:

Pursuant to the CWC's Procedures for Resolutions of Necessity and Eminent Domain, Section 1, this letter is being provided by the Department of Water Resources (DWR) to inform the California Water Commission (Commission) of its intention to proceed with presenting the attached list of Resolutions of Necessity (RON) and request these items be noticed on the Commission's agenda and notice be sent to the landowner of the properties for which the RON is being considered. These RONs are needed in support of the Yolo Bypass Salmonid Habitat and Fish Passage Improvement Project (Big Notch).

Following the Commission's two-step meeting procedure, the RONs are anticipated to be heard during the CWC's upcoming March 16, 2022, and April 20, 2022, meetings. The March meeting will be an informational item only; the April meeting would be the required hearing proposed for adoption of the RONs.

Commission procedures require landowners be sent a notice at least 21 days prior to the meetings.

Please notice the required informational item on your March and April meeting agendas. If you need additional information or would like to discuss this further, please contact me by telephone at (916) 902-7384 or via email at linus.paulus@water.ca.gov.

Sincerely,

A handwritten signature in cursive script, appearing to read "Linus A. Paulus".

Linus A. Paulus, SRWA
Manager, Acquisition and Appraisal Section
