| Strategic Plan |
|-----------------------|

Background

The Commission approved its Strategic Plan in September 2012, which calls for reviewing and updating it every five years.

Working with the Chair and Vice Chair, staff has prepared a draft revision of the Strategic Plan to guide the Commission's work for the next five years. The draft includes revised goals and objectives, and recognizes that the Resilient Water Portfolio may give the Commission additional goals and/or tasks. The revised Strategic Plan is a working document, which the Commission can modify as needed.

Executive Officer Joe Yun will present the draft Strategic Plan for discussion and direction from the Commission.
