

California Secretary of State Building, Multi-Purpose Room
1500 11th Street, Sacramento

Thursday, May 30, 2019

10:00 a.m. start. Meeting expected to run two to three hours

Water Storage Investment Program

Informational Meeting – Administration of Public Benefits

Meeting Objectives

To provide a forum for information exchange between Administering Agencies— the California Department of Fish and Wildlife, State Water Resources Control Board and the Department of Water Resources — and stakeholders regarding public benefit contracts.

California Water Commission staff will also explain the WSIP process and how best to stay up-to-date as the projects progress.

This information exchange is intended to provide an opportunity for collaborative discussions and will not result in a response to comments received from members of the public.

Agenda

- 1) Welcome and Introductions
- 2) Overview of the Water Storage Investment Program's
Contracts for the Administration of Public Benefits
- 3) Agency Presentations and Group Discussion
 - State Water Resources Control Board
 - Department of Water Resources
 - Department of Fish and Wildlife

- 4) Wrap up

Note: Staff will be available afterward to follow up on questions or additional information brought up during the meeting.
