Subject: Dam proposals

Hi,

I am writing in regards to the Dam projects: Sites Reservoir, Pacheco, and Del Puerto Canyon. Taking into consideration the destruction to the environment and the near extinction of fish species from previous dams, it is not the time for new dam projects. Now is the time for water conservation. We need stricter laws on water usage, and more stringent laws on irrigation practices. Please do not take these dam ideas any further.

Thank you,

Rosada Martin
