Dear California Water Commission:

Pursuant to the California Water Commission's (CWC) Procedures for a Resolution of Necessity and Eminent Domain, Section 1, this letter is being provided by the Department of Water Resources to inform the CWC of its intention to proceed with a Resolution of Necessity (RON) and request this item be noticed on the CWC's agenda and notice be sent to the landowner of the property for which the RON will be considered.

This RON is needed in support of the Yolo Bypass Salmonid Habitat and Fish Passage Improvement Project (Big Notch). The RON is anticipated to be heard during the CWC's meeting on February 21, 2024. CWC procedures require that landowners be sent a notice at least 21 days prior to the meeting.

Please notice the required RON on your February 2024 meeting agenda. If you need additional information or would like to discuss this further, please contact me by telephone at (916) 902-7384 or via email at [linus.paulus@water.ca.gov](mailto:linus.paulus@water.ca.gov).

Sincerely,

A handwritten signature in cursive script, appearing to read "Linus A. Paulus".
