Sandra Matsumoto Dear Ms. Murphy:
Member

Kate Moulene This letter acknowledges that the California Water Commission (CWC) has received
Member the Project Completion Report and has released \$433,263.43 in remaining WSIP
retention funds for the subject EFA. Please provide us notice when you receive the
Jose Solorio retention payment.

This letter serves as notification that contractual obligations for the above referenced EFA between Contra Costa Water District (CCWD) and CWC have been fulfilled. Therefore, no further reporting for the EFA is required by CWC. Please be mindful that CCWD, as the funding recipient, is obligated to continue records retention for at least three (3) years as there is a potential for a post project completion audit of the EFA.

If you have any questions, please contact Amy Young at amy.young@water.ca.gov or 916-882-2399.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Yun".
