**Addendum #1**

to the

**2023  
PROJECTS  
SOLICITATION PACKAGE  
FOR  
MULTI-BENEFIT PROJECTS**

**March 2023**

## **Introduction**

The California Department of Water Resources Delta Levees Program Special Flood Control Projects Section (Program) released the 2023 Project Solicitation Package for Multi-Benefit Projects (PSP) on February 3, 2023.

Section XI of the Special Projects Guidelines outlines a two-phase submittal process that DWR will use to evaluate proposals. The first submission is abbreviated and consists of Concept Proposals only. Applicants with Concept Proposals determined by DWR to meet the PSP requirements will be invited to provide a second phase submission of a Full Application for funding consideration.

The deadline for Concept Proposal submittals was March 3, 2023. The Department has received 17 Concept Proposals from the following Local Agencies listed below:
