

Action Item: Update on Strategic Plan and Consideration of Mission Statement

Background

In January 2012, staff presented a proposal for strategic planning to the Commission. The first step in that plan is the adoption of a mission statement. At this meeting, the Commission will consider adoption of a mission statement and hear a staff update on the next steps of the strategic planning process.

Recommendation

To provide a public forum and advice to the Department of Water Resources for the development of policies that support integrated and sustainable water resource management and a healthy environment.
