

DEPARTMENT OF WATER RESOURCES

2014 RULEMAKING CALENDAR

PROPOSED REGULATIONS IMPLEMENTING STATUTES ENACTED PRIOR TO THE YEAR 2013

<p>Subject: Regulations for Control of Encroachments within the State Water Resources Development System Right-of-Way and Issuance of Encroachment Permits</p>	<p>CCR Title & Sections Affected:</p>	<p>Statutes Being Implemented:</p>			
<p>The Division of Operations & Maintenance submitted regulations to provide guidance and procedures for use of the Department’s right-of-way along the State Water Resources Development System, otherwise known as the State Water Project, or SWP, and for submittal of an application for an Encroachment Permit. The regulations will implement SB 543 and the corresponding Water Code section 12899, <i>et seq.</i> SB 543, enacted in 2005, added section 12899, which authorized the Department to issue encroachment permits under specified conditions and adopt regulations to allow for encroachment permits to be issued while protecting the access, operations, maintenance and control of the SWP.</p> <p>On June 19, 2013, the Commission authorized DWR to proceed to file the regulations with OAL. The regulations were filed with OAL on October 15, 2013 and published in the Notice Register on October 25, 2013. An email address and web site were created for public comment. The public comment period closed December 6, 2013, and on that date, a public hearing was held.</p> <p>DWR intends to complete the Final Statement of Reasons and any revisions to the regulations for submission to the Commission at the February 2014 meeting, for final approval to submit to OAL.</p>	<p>Title 23, Division 2, add Chapter 6, Encroachments, with the addition of Articles 1 through 11 and corresponding sections and subsections, from 600-635.</p>	<p>SB 543, Statute of 2005, Water Code Sections 12899.1 through 12899.11.</p>
