

Action Item: Approval of Communication Disclosure Form

Background

At its March 18 meeting, the Commission was presented with a Communication Disclosure Form developed by Staff Counsel. The form was designed as a mechanism through which members of the Commission may report meetings or communication they have with potential stakeholders in the Water Storage Investment Program. While a disclosure policy is not mandated, it would support the openness and transparency of Commission operations. At this meeting, members of the Commission will have the opportunity to vote to adopt the Disclosure Form.
