

Update by DWR's Tribal Advisor on Tribal Engagement
--

Background

The Department of Water Resources' (DWR) Tribal Policy Advisor coordinates communication and consultation between DWR and California's Native American Tribes on a variety of DWR's activities. DWR's Tribal Policy Advisor has provided support to the Commission in implementing the Water Storage Investment Program (WSIP), including assistance identifying Tribal participants for the WSIP Stakeholder Advisory Committee, coordinating a Tribal Government Consultation on Proposition 1, and coordination and planning of a Tribal roundtable meeting and a Webinar meeting for Tribal governments regarding the WSIP.

At this meeting, the Tribal Policy Advisor will update the Commission on DWR's Tribal Engagement Program and on assistance provided to the Commission for the WSIP. This is an informational item.
