

Water Storage Investment Program (WSIP) Applicant Presentations

Background

At the October 18, 2017 Commission meeting, the Commission voted to invite all eligible WSIP applicants to provide project overviews to the Commission. These presentations will assist the Commission in understanding the claimed public benefits of each project.

Applicant Presentations

The 15-minute presentations will be limited to the information contained in each applicant's WSIP application as it exists on the Commission's Project Review Portal:

<https://cwc.ca.gov/Pages/WSIP.aspx>

Following each presentation, the Commission may ask clarifying questions. The public will have an opportunity to comment after each presentation. There will be no discussion of the technical review, staff analysis, or scoring of the applications.

Each presentation, including questions and comments, will take approximately 35 minutes.

Presentations will be heard in the following order:

- A. Chino Basin Conjunctive Use Environmental Water Storage/Exchange Program
- B. Kern Fan Groundwater Storage Project
- C. Los Vaqueros Reservoir Expansion Project
- D. Pacheco Reservoir Expansion Project
- E. Pure Water San Diego Program North City Phase 1
- F. Sites Project
- G. South Sacramento County Agriculture and Habitat Lands Recycled Water, Groundwater Storage, and Conjunctive Use Program (South County Ag Program)
- H. Temperance Flat Reservoir Project
- I. The Tulare Lake Storage and Floodwater Protection Project
- J. Willow Springs Water Bank Conjunctive Use Project
- K. Centennial Water Supply Project

Presentations are limited to describing:

1. Project:

- Location
- Facilities
- Affected water facilities
- Partners
- Proposed operator
- Claimed public benefits
- Claimed non-public benefits

2. Operations:

- Source water
- How operations achieve claimed public benefits
- Added flexibility in water system due to project

3. Approximate Timeline and Milestones:

- Approximate date when the project will be ready for final Commission consideration after the following are complete:
 - Permits
 - Final environmental document
 - Non-Program cost share contracts
 - Administering agency contracts
- Approximate date of start of construction
- Approximate date of start of project operations
- Approximate date when public benefits are expected to begin to accrue

This is an informational item.
