Dear Ms. Perez:

Maria Herrera
Member

Thank you for submitting your application for the Pure Water San Diego Program North City Phase 1 Project to the Water Storage Investment Program (WSIP). During our Basic Eligibility and Completeness review, pursuant to California Code of Regulations, title 23, section 6006 (WSIP regulations)¹, we could not locate or access the items listed below. Please review the list and provide the requested information no later than **5:00 P.M. on September 15, 2017**. Only the information specifically listed below and received by the due date will be added to your current application.

Each WSIP applicant was required to submit a complete application by August 14, 2017. Commission staff has reviewed each application for completeness and basic eligibility, per sections 6006(c)(1) and (3). By submitting the information requested in this letter, you will complete your application. Staff will review this additional information pursuant to section 6007. Additional eligibility issues, including the possibility that other items are missing from the application, may arise during the technical review. If the application remains incomplete or does not meet the basic or additional eligibility requirements, the Commission may determine the project to be ineligible for WSIP funding pursuant to section 6006(c).

Please send the requested information via email to the Program Manager, Hoa Ly, Hoa.Ly@water.ca.gov. If the total file size exceeds 50MB, please contact Ms. Ly prior to the due date to arrange for delivery.

Completeness (per WSIP regulations Section 6006(c)(3)). The list below provides specific items needed for the application to be complete per section 6006(c)(3)(A).

- Please provide a signed resolution or a letter of intent to pass a resolution signed by a person with authority to bind the entity pursuant to section 6006(c)(3)(A)3.
- A summary of cost estimates is provided, but the application references supporting report(s) prepared by MWH. Staff was unable to locate these documents. Please provide the referenced report(s).

¹ Unless otherwise noted, all references are to the California Code of Regulations, title 23, section 6000 *et seq.*

- Please submit a separate worksheet for each ecosystem priority claimed in Table 1 (priorities 4 and 16).
- Please provide the following model and associated input and output data files referenced in your application:
 - DSM2
- Please provide the analysis of how the emergency response water is accounted for in the operations modeling for other benefits per section 4.11.3.2 of the Technical Reference.
- Please provide an explanation and rationale for the monetization that appears in "San Diego_PW Phase 1 Benefits Work Papers.pdf" per section 5.3 of the Technical Reference Document. For example, the source data for the \$10,000 benefit per metric ton of salt removal is not included or referenced.
- Please provide feasibility study components, specifically technical, environmental, economic, and financial feasibility as specified in section 6003(a)(1)(O) of the regulations.

If you have any questions regarding this request, please contact Hoa Ly at Hoa.Ly@water.ca.gov or (916) 651-9282.

Sincerely,

Joe Yun
