Dear Mr. Santoyo:

Daniel Curtin
Member

Thank you for submitting your application for the Temperance Flat Reservoir Project to the Water Storage Investment Program (WSIP). During our Basic Eligibility and Completeness review, pursuant to California Code of Regulations, title 23, section 6006 (WSIP regulations)¹, we could not locate or access the items listed below. Please review the list and provide the requested information no later than **5:00 P.M. on September 15, 2017**. Only the information specifically listed below and received by the due date will be added to your current application.

Each WSIP applicant was required to submit a complete application by August 14, 2017. Commission staff has reviewed each application for completeness and basic eligibility, per sections 6006(c)(1) and (3). By submitting the information requested in this letter, you will complete your application. Staff will review this additional information pursuant to section 6007. Additional eligibility issues, including the possibility that other items are missing from the application, may arise during the technical review. If the application remains incomplete or does not meet the basic or additional eligibility requirements, the Commission may determine the project to be ineligible for WSIP funding pursuant to section 6006(c).

Please send the requested information via email to the Program Manager, Hoa Ly, Hoa.Ly@water.ca.gov. If the total file size exceeds 50MB, please contact Ms. Ly prior to the due date to arrange for delivery.

Basic Eligibility (per WSIP regulations Section 6006(c)(1)).

Section 6006(c)(1)(A)1 requires the entity to be one of the specified entities in Water Code section 79712 or 79759. Please submit a file stamped copy of the notice filed by the San Joaquin Valley Water Infrastructure Authority with the Secretary of State indicating the existence of a joint powers agreement for the creation of the San Joaquin Valley Water Infrastructure Authority, or other documentation supporting the legal existence of the San Joaquin Valley Water Infrastructure Authority.

¹ Unless otherwise noted, all references are to the California Code of Regulations, title 23, section 6000 *et seq.*

Completeness (per WSIP regulations Section 6006(c)(3)). The list below provides specific items needed for the application to be complete per section 6006(c)(3)(A).

- Please provide the benefit and cost analysis per section 7 of the Technical Reference.
- Please provide the cost allocation per section 8 of the Technical Reference.
- Please provide the Physical and Economic Benefits Summary Tables per section 6003(a)(1)(N) available at:
<https://cwc.ca.gov/Pages/ApplicationResources.aspx>
- The application did not include the Physical and Economic Benefits Summary Table, as noted above. Therefore, it is not clear what benefits are quantified and monetized. Based on the limited information and the specific models referenced in your application, please provide the following models and associated input and output data files:
 - CalSim-II
 - Gaming Tool
 - Routing Tool
 - Daily Operations Model
 - HEC-ResSim
 - SJR HEC-5Q
 - CE-QUAL-W2
 - San Joaquin Ecosystem Diagnosis and Treatment (EDT)
 - HEC-FDA
 - UNET
- Please provide the regression model and data used to estimate future water transfer prices per section 5.3 of the Technical Reference.
- Please provide feasibility study components, specifically technical, environmental, economic, and financial feasibility as specified in section 6003(a)(1)(O) of the regulations.

If you have any questions regarding this request, please contact Hoa Ly at Hoa.Ly@water.ca.gov or (916) 651-9282.

Sincerely,

Joe Yun
Executive Officer
California Water Commission
