

San Joaquin River and Tributaries Conjunctive Use Completeness and Basic Eligibility Response

Each Water Storage Investment Program (WSIP) applicant was required to submit a complete application by August 14, 2017. Commission staff reviewed each application for completeness and basic eligibility and requested specific information from applicants.

Documents that have been added to the application for the San Joaquin River and Tributaries Conjunctive Use project can be found at the bottom of [the project's application page](#) under "Documents Provided in Response to the Completeness and Basic Eligibility Review."
